1. What you can do

Pupils and parents can view and print the pupil's own report sheets once the school has released results. You can see only your own sheets.

Signing in

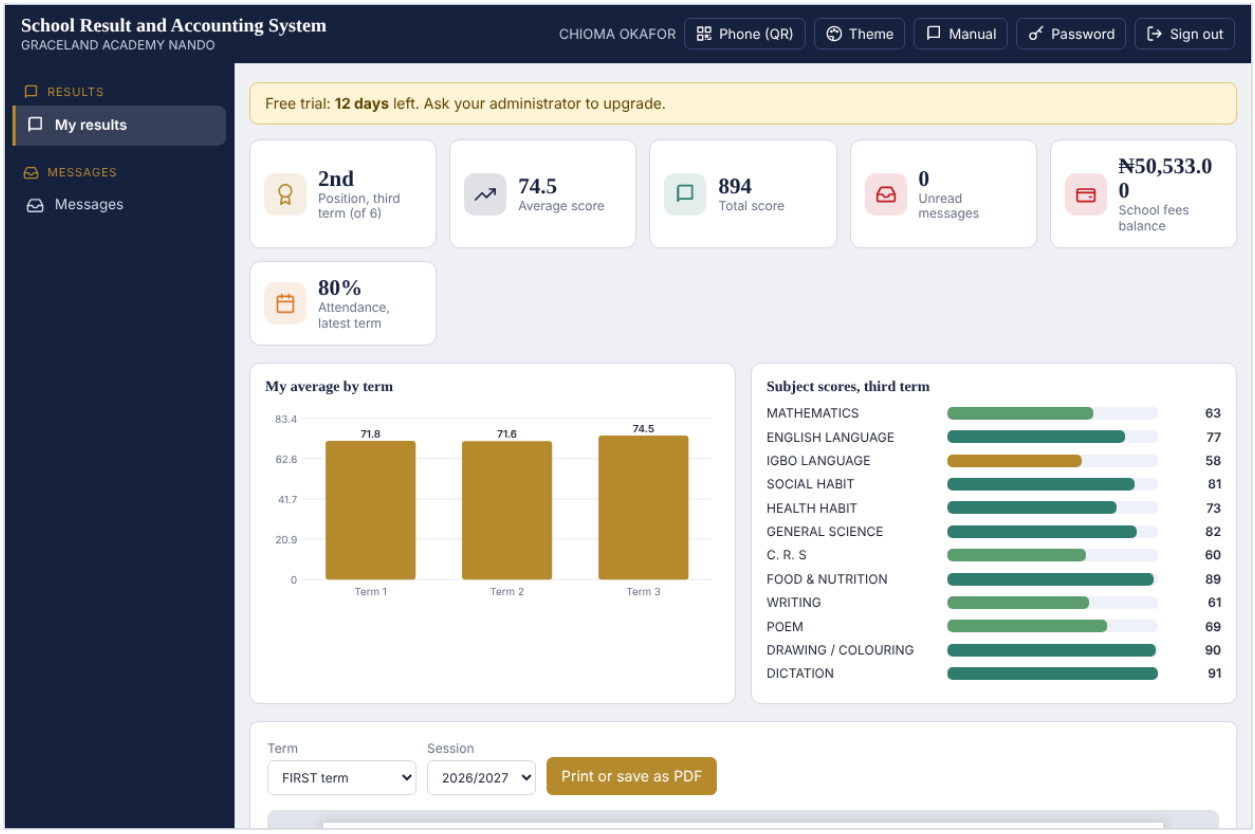

1. Open the address given by your school (for example **http://192.168.1.10:8080**) in any browser on the school network.
2. Type your username and password and press **Sign in**.
3. Use the **Password** button at the top to change your password, and **Sign out** when you finish.
4. The **User manual (PDF)** button downloads this guide again.

Your username is your **Reg No**. Your first password is also your Reg No (capital letters). Change it with the **Password** button after you first sign in.

2. Viewing your report sheet

After signing in, **My results** opens. Use **Term** to switch between First, Second and Third term or the **Yearly cumulative** sheet, and **Session** to look at earlier years. The sheet shows each subject's marks, grade and remark, your total, average, percentage and position, attendance, domain ratings, teachers' remarks and the school bill.

A pupil's My results page.

3. Printing or saving

1. Press **Print or save as PDF**.
2. Choose **A4**, margins **None**, and turn on **Background graphics**.
3. Choose a printer, or choose **Save as PDF** to keep a copy on your phone or computer.

4. If something looks wrong

- **"Results have not been released yet"**: the school has not opened results for pupils. Ask the school office.
- **A subject shows 0**: the teacher has not entered that mark yet.
- **Wrong name, class or photo**: tell the school office so they can correct it.
- **Forgot your password**: ask the school office to reset it. It goes back to your Reg No.

5. On your phone (new)

At school, or anywhere on the school Wi-Fi, you can view results on a phone. Ask the school office for the address, or scan the school's **Phone (QR)** code with the camera. The code only takes you to the sign-in page. You must still type your Reg No and password. The page fits any screen size, and the **Theme** button changes colours.

Report sheets may show A to F grades or the A1, B2, B3 style, depending on your school's choice. The key to the grades is printed at the bottom of the sheet.
